

## Link List: Practical Guides and Resources for Starting a Business in Finland

This list was created based on feedback from students (including our survey responses: [Entrepreneurial Attitudes of Food Industry Students in Southwest Finland: Results of the WiseFood Project Survey](#)), who expressed a need for more practical information on entrepreneurship. To meet this need, we've compiled a collection of helpful resources that provide valuable, hands-on guidance for anyone looking to start a business in Finland.

### [Business Finland: Business Guide – How to set up business in Finland](#)

A guide to starting a business in Finland, compiling official information, expert interviews, and practical instructions for new entrepreneurs.
